

I don't like the way that it's going
The world is shaking
The volume's going up everyday
Ears are ringing..
Can't keep up this rapid pace, for much longer
Like so crazy when I look up, snowing in summer
So easy for me to forget, how I keep it all together
Keep it all together
And there's so much going on, in the world
I just gotta remember, I just gotta remember

So blessed, yeah, uh, blessed to have you right here by
my side
Next to me when life cuts like a knife
Sometimes I complain, it's weird I have to say
It might be under shade,
I'm so blessed, yes, yes, yes
I'm so blessed, yes, yes, yes

Even in and out of my best, you love me harder
I can be rough I must confess, like no other
Cause things in front you sometimes
You take for granted
When they disappear, it's clear, how much it matters
So easy for me to forget, how I keep it all together
Keep it all together
And there's so much going on, in the world
I just gotta remember, I just gotta remember

So blessed, yeah, uh, blessed to have you right here by
my side
Next to me when life cuts like a knife
Sometimes I complain, it's weird I have to say
It might be under shade,
I'm so blessed, yes, yes, yes
I'm so blessed, yes, yes, yes
I'm so blessed, yes, yes, yes
Everyday, even know sometimes I complain
24/7, hand reaching down from heaven
Oh yeah,
I'm so blessed, yes, yes, yes
I'm so blessed, yes, yes, yes
I'm blessed, oh yeah, I'm blessed yeah
So blessed, I am.
