

# Let Me Be The One

Mint Condition

Yeah, talking 'bout a real friend  
Set your mind at ease baby  
Ain't nothing wrong with that

I guess we both have seen some brighter days  
Somehow the love we shared, has slipped away  
Still I want to be the one who keeps you safe and warm  
Let me be the one

Although things with me and you didn't quite work out  
For you there's this special place deep in my heart  
Though I want it X'ed in my unconditional love  
Let me be the one

If you need a friend  
Let me be the one  
Someone that you call  
Want to be the one  
The one through it all  
You don't have to fall  
Just let me be the one  
Let me be the one

Promises made they've all worn paper thin  
Still honey I'm not afraid to call you friend  
Take a look and I know you'll see the possibilities  
Let me be the one

To see you smile, there's nothing I won't do  
Cause honey I only want what's best for you  
You are a shining star, just stay the way you are  
Let me be the one

Let me be  
I want to be the one you need  
Let me set your mind at ease  
Nothing wrong with being a friend  
Want to be there till the end  
I want to be the one you need  
Let me set your mind at ease  
Nothing wrong with being a friend  
Want to be there till the end

Just let me be the one, let me be the one baby  
Just let me be the one
