

Love Is For Fools

Mint Condition

Love, love is for fools
That's why we do what we do
Love is for fools

Love when it falls apart
And it breaks your heart
Into a thousand pieces
Time take these blues away
If its love you say
Please be sure you mean it

Cause love is for fools
Love is for fools
Why do we do the things that we do?
Cause love is for fools

Tears falling from these eyes
Oh its no surprise
While sitting in the dark I think of love
Why must you burn me?
With insecurities
From when I feel this pain and brokenheart

Love is, love is for fools, ooh
Love is, love is for fools, ooh
Love is, love is for fools, ooh
Love is, love is for fools, ooh, why do we do

Why do we do, can't take these blues
Love is for fools
