

# The Never That You'll Never Know

Mint Condition

The only never that's for sure

I said I'd never fall in love again  
Just kinda happen like an accident  
A head on collision  
We fell in love

And I don't know what you did to me  
Never knew just how good a love could be  
The things I said I'd never do  
I say them no more  
Cause I found you

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know

I tried to fight it every step of the way  
But you are on my mind all damn night and day  
I said I'd never let love have it's way  
But things do change

The plan was for me to stay  
Far from love  
And find my way  
But I don't know what to think or do  
But that's alright  
Cause I've got you

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know

Cause you never know  
Cause you never know  
Never know  
With the never that you never know

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know

Cause you never know  
Cause you never know

Never know  
With the never that you never know

Cause you never know  
Cause you never know  
Never know  
With the never that you never know

The only never that's for sure  
Is the never that you never know  
It's crazy just how love can go  
With the never that you never know
