

This Day, This Minute, Right Now

Mint Condition

Come here sweetheart
There's something I need to say
And I wanna share it with you right here, right now
Come on, walk with me

I gotta tell you how I'm feeling
I gotta make you realize
So let me tell you what I'm thinking
I need to have you by my side, yeah

You give me something to believe in
And now I promise on this day
I'm gonna love you, always

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

I must admit you've got me weaking
You know you turn me on and on
The irony is that in weakness
It's still your love that makes me strong

I gotta say that I'm so grateful
To have this chance today
To look into your eyes and say

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

Now this is the real thing
Everyday a new beginning
Here with you is where I belong
Together on and on

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

I dedicate my heart, my soul I give to you
This day, this minute right now
Let this moment mark the day I pledge my love for you
This day, this minute right now

Just let the moment seize us, please us
Let the feeling tease us, lead us
Let the moment seize us, please us
Let the feeling tease us, lead us
Let the moment seize us, please us
Let the feeling tease us, lead us
Let the moment seize us, please us
Let the feeling tease us, lead us

Oh, won't you so, oh, won't you so
So won't you come
This day, this minute
Right now, right now, right now, right now, right now, right now
This day, this minute right now
