

## Lemurs, Man, Lemurs

Minus the Bear

hands gorgeous  
rollin' her cigarette  
thumbs and forefingers  
rollin' tobacco in the paper  
she licks the paper slow twice  
putting it all together

hands gorgeous  
holding a vodka drink  
smoking a cigarette  
she's walking up to me  
she licks the paper slow twice  
putting it all together

maybe in her purse, a light  
(she licks the paper slow twice)  
to find a matchbook  
(twice)  
to light her smoke  
look at those lips

roll one for me  
let's drink all night
