

Gordon Freeman Saved My Life!

Miracle Of Sound

Out in the streets of City 17
Civil Protection run a rigid machine
Break down my door, take me down to the station
They got ideas that I got information

My natural charm is only getting me so far
When out of the black I see the shape of a crowbar...

Gordon Freeman saved my life!
Fight for freedom with a brainstorm
Gordon Freeman saved my life!
Like Chuck Norris in a geek form

Completely silent, a violent creature
Despite looking like a geography teacher
Moved at the speed of a cheetah in its prime
Apparently he ain't running on Valve Time

I watch as the Combine are turnin' to flee yeah!
They vanish into thin air like Episode 3 yeah!

Gordon Freeman saved my life!
Fight for freedom with a brainstorm
Gordon Freeman saved my life!
Like Chuck Norris in a geek form

Gordon Freeman saved my life!
(You'll never get back what you lost)
Fight for freedom with a brainstorm
(You'll never get back what you lost)
Gordon Freeman saved my life!
(You left Black Mesa far too long)
Like Chuck Norris in a geek form
(You'll never find where you belong)

Fight for freedom with a brainstorm
Like Chuck Norris in a geek form
