

Hammers In My Head

Miracle Of Sound

Been shoved in a corner
Been kicked in the teeth
Pushed down to the lowest depths
And now I'm
Coming up from beneath

Cause I ain't got time
To hold my hurt in such regard
I just kick life back in its face yeah
Twice as hard

POUND POUND
Hammers in my head
I feel fury rise
POUND POUND
Violence in my blood
Will not be dehumanised

Forget every failure
Forget every fall
They're just stepping stones on the road
And I am
Damn well done with them all

Cause I ain't got time
To hold my hurt in such regard
I just kick life back in its face yeah
Twice as hard

POUND POUND
Hammers in my head
I feel fury rise
POUND POUND
Violence in my blood
Will not be dehumanised

Will not be dehumanised!!

POUND POUND
Hammers in my head
I feel fury rise
POUND POUND
Violence in my blood
Will not be dehumanised
