

Roll Out

Miracle Of Sound

On the metal world of Cybertron
There is a rockin' robot race
Two warring tribes are laying waste
To a once great shining place

Molten metal fires
Dot the alloy and the chrome
Sparks and twisted wires
Stain the surface of our home

The Autobots are hunted
By the cruel Decepticons
The slaughter is directed
By the evil Megatron

This metal robo-Stalin
Only has one equal foe
So ready up your battle cry
It's time to let him know...

ROLL OUT!!
We're gonna blow these stinkin' cons away
ROLL OUT!!
We're makin' a bigger mess than Michael Bay

ROLL OUT!!
They're gonna pay for tearin' up our home
ROLL OUT!!
Pedal to metal time to kick some chrome!

Starscream is an idiot
And Swindle is a phoney
Grimlock's gonna squash you
To Veridium baloney

Bruticus got roid rage
Metal muscles flex
But he's weaker than a Witwicky
Compared to Metroplex

Jazz is kinda ghetto
Cause you gotta hit that market
We're piloting the arc
But we got nowhere left to park it

Set a course for the stars
Gotta leave the war behind
Roll out to cosmos
Let's see what we will find!

ROLL OUT!!
We're gonna blow these stinkin' cons away
ROLL OUT!!
We're makin' a bigger mess than Michael Bay

ROLL OUT!!
They're gonna pay for tearin' up our home

ROLL OUT!!

Pedal to metal time to kick some chrome!

Lazerbeak and Rumble

Live in Soundwave's dark interior

Constructicons will crumble

Next to me they are inferior

Foes will cease to function

Burning circuits fizzle out

But even Soundwave cowers

When he hears their leader shout...

ROLL OUT!!

We're gonna blow these stinkin' cons away

ROLL OUT!!

We're makin' a bigger mess than Michael Bay

ROLL OUT!!

They're gonna pay for tearin' up our home

ROLL OUT!!

Pedal to metal time to kick some chrome!
