Take It Back

Miracle Of Sound

When you're stumbling through the darkness walking blind
Don't forget that there is always hope to find

Choose your path
Walk it well
Save us from this living hell
In this broken cage
We will not be confined

And when the world it starts to burn
At the point of no return
Keep a hold of
Your conviction
Tear out the affliction
And before the world turns black

Stand up and take it back!!

As the towers of steel and stone crumble to dust
The foundations of our hope begin to rust

Choking fear
Screaming sound
As a Reaper comes to ground
You turn to face it down
Because you must

And when the world it starts to burn
At the point of no return
Keep a hold of
Your conviction
Tear out the affliction
And before the world turns black

Stand up and take it back!!

For Earth, for all, for glory
It's time to end this story
(From Omega to Mars....)
For Earth, for all, for glory
It's time to end this story

And we won't fight this war alone my friends
Shepard's on his way back home again...

They won't break you
Break you
They won't bring you to your knees
They won't break you...

And when the world it starts to burn
At the point of no return
Keep a hold of
Your conviction
Tear out the affliction
And before the world turns black

Stand up and take it back!!

Stand up and take it back!
