Engine Heart

Be still my heart Engine turning over won't you start? This one's come to tear me all apart Be still my heart

Just read those eyes Trembling lips and carburetor sighs Even though I know they're telling lies Be still my heart

Oh, were it to stop My tick tock, tick tock clock Oh, were it to stop Beat beat beat Beat beat beat Sleep sleep sleep Sleep

Oh how I've grown soft Running through so soft I'll just dry right off Cut me, smash me Strain me, eat me Apple, apple sauce

Oh what does it mean Up on the marquee Bright lights telling me Don't forget Don't forget Don't forget Don't forget...

Be still my heart Engine turning over won't you start This one's come to tear me all apart Be still my heart

Just read those eyes Trembling lips and carburetor thighs Even though I know they're telling lies Be still my heart Be still my heart Be still my heart
