

In a Sailboat

Mirah

We are in a sailboat and
The wind is picking us up
And putting us down
In another town

We are in a sailboat and
This other town is still
The storm has blown over
It's over

We are in a sailboat and
There's nothing left to do
But wait and wait
And wait

Floating here (floating here)
Floating there (floating there)

Floating here (floating here)
Floating there (floating there)

Floating here (floating here)
Floating there (floating there)

We are in a sailboat and
The water is so still
We can see the animals down there

We are in a sailboat and
The animals look up to say
It's time to go home
They're sending us home

We are in a sailboat and
The moon comes up to shine
Like a big opal in the sky

Going home (going home)
Paddle boat (paddle boat)
I'm rowing home (I'm rowing home)
Paddle boat (paddle boat)

Going home (going home)
Paddle boat (paddle boat)
I'm rowing home (I'm rowing home)
Paddle boat (paddle boat)
