

The Garden

Mirah

Oo

I really wanted that thing

I just want to sing

I love you baby won't you bring

All the flowers you, find out in the garden

Don't tell me the truth

That your heart has hardened

But you don't want me anymore

How can it be?

Look what you've done to me

Oo

Oo

The bee does quickly sting

I was wondering

If you could maybe, darling, think

I'd give everything

If you'd grant my love a pardon

And all the fruits again would fill the garden

But you don't want me anymore how can it be

Look what you've done to me

OOo Oo OOo Oo

OOo Oo OOo Oo

OOo Oo OOo Oo
