

Headphones On

Miranda Cosgrove

(Home with my headphones on
With the stuff on the floor
And the lock on my door)

10:28 on the digital clock
I know it's late but I just can't stop
All this jumpin' around
All this wastin' time
It's getting to get a habit of mine

You would think I didn't wanna get paid
I'm not the type to procrastinate
But a girl can't always be well behaved

Wanna stay home with my headphones on
With the stuff on the floor
And the lock on my door
I lost my keys in the mess I made
So I can't go anywhere anyway
So rock on
With my headphones on

Got a lot of nothin' to do
I'm not getting it done
And i'm loving it too
24 hours since i've been outside
But it feels okay
It feels alright

I could go to school another day
Don't understand why I dance all day
You know what they say about
All work and no play

Wanna stay home with my headphones on
With the stuff on the floor
And the lock on my door
I lost my keys in the mess I made
So I can't go anywhere anyway
So rock on
With my headphones on

With the headphones on
Its like fireworks in my head
Above the clouds
I may never get to bed
Can't turn back now
Don't wanna come down

You would think I don't wanna get paid
I'm not the type to procrastinate
But a girl can't always be well behaved

Wanna stay home with my headphones on
With the stuff on the floor
And the lock on my door
I lost my keys in the mess I made

So I can't go anywhere anyway

Wanna stay home with my headphones on

With the stuff on the floor

And the lock on my door

I lost my keys in the mess I made

So I can't go anywhere anyway

Rock on

With the headphones on

With the headphones on

With the headphones on
