

Holding on to You

Miranda Lambert

I've seen the south of France
I've seen the sunset dance
Over Sunset Avenue
I've seen the Rolling Stones
Got real high on Rock n Roll
Seen a lot of dreams come true
But ain't no moment like when I'm holding onto you
Ain't no moment like when I'm holding onto you

Baby you're above the years
I've been moved to tears
By the wonders of this old world
One of God's mysteries
Didn't ever fail to get to me
Is the moment when I'm holding onto you
Ain't no moment like when I'm holding onto you

I've seen a newborn child
Puts stars in her mamas eyes
And i pray to the man in the moon
I got drunk with the highway men
Felt the burn of the desert wind
Seen some promise and I do's
Ain't no moment like when I'm holding onto you
Ain't no moment like when I'm holding onto you

Baby you're above the years
I've been moved to tears
By the wonders of this old world
One of God's mysteries
It never fails to get to me
Is the moment when I'm holding onto you
Ain't no moment like when I'm holding onto you

Baby we just rolled in
It's cold here in Michigan
Got a sold-out show tonight
Pretty soon we'll hit the stage
I'll feel the lights hit my face
We'll see some magic in the room
Ain't no moment like when I'm holding onto you
Ain't no moment like when I'm holding onto you

No no no no

Ain't no moment like when I'm holding onto you
Ain't no moment like when I'm holding onto you
