

Love Song

Miranda Lambert

I was standing there crying in the kitchen
It's been one of those mornings that's gonna last all day
And he comes in, wraps his arms around me
And I don't even have to say a thing

That's what makes it love
That's what makes it a love song

He comes in, slams the door behind him
And he can't hide the worry on his face
Even though I got a million things to tell him
I know right now he just needs some space

That's what makes it love
That's what makes it a love song
That's what makes it love
That's what makes it a love song

Everybody always sings about it
How they're never gonna live without it
We don't even have to talk about it
'Cuz We're livin it out

That's what makes it love
That's what makes it a love song
That's what makes it love
That's what makes it a love song
