

## New Strings

Miranda Lambert

I bet this road will take me out of here  
Take me far away from Amarillo  
I bet this car will go real fast  
The wheels might even drive me past  
The places that you said I'd never go  
Oh...

The Texas Sky is the biggest one I've seen  
But it still ain't big enough for you and me  
All the things that make you mad  
And all the baggage in your past  
Don't leave much room for a girl like me to be  
So I'll fill her up with hope and worn-out dreams

And I'll grab the wheel and I'll point it west  
Pack the good and leave the rest  
I'll drive until I find the missing piece  
You said I wouldn't get too far on a tank of gas  
And an empty heart  
But I got everything I'll ever need  
I got this old guitar and a brand new set of strings

Mama said I never should have done it  
I should have ended us before we ever started  
Daddy knew about my pride so he stood there  
And he smiled inside and I pretended that I  
Didn't notice a little tear that fell when I said I was going

And I'll grab the wheel and I'll point it west  
Pack the good and leave the rest  
And drive until I find the missing piece  
You said I wouldn't get too far on a tank of gas  
And an empty heart  
But I got everything I'll ever need  
I got this old guitar and a brand new set of strings

I've worried about life and  
If it's arriving right on time  
I guess if you don't jump  
You'll never know if you can fly

You said I wouldn't get too far on a tank of gas  
And an empty heart  
But I got everything I'll ever need  
I got this old guitar and a brand new set of strings
