

Something That I Like About a Honky Tonk

Miranda Lambert

Well there's somethin that I like about a honky tonk
whiskey drinkin cowboys and lonesome country songs
wonderin if I'll fall in love or if I won't
well there's somethin that I like about a honky tonk

Guess that all my life I've been a runnin' round
playin all the honky tonks from town to town
I'm just not the kind to ever settle down
and a honky tonk's the only love I've ever found
there's somethin' that I like about a honky tonk
whiskey drinkin cowboys and lonesome country songs
wonderin if I'll fall in love or if I won't
there's somethin that I like about a honky tonk

Well I've had my share of dancin' partners that's for sure
but I've never two-stepped my way into love before
but every night you'll see me crawlin back for more
cus' I just can't seem to stay away from swingin doors

Well there's somethin that i like about a honky tonk

There's somethin that i like about a honky tonk
whiskey drinkin
