

## Things That Break

Miranda Lambert

I was born a bull in a china cabinet  
Drawn to the delicate like it's a magnet  
Perfume bottles on a mirror tray  
Tempered glass on a window pane  
Timeless face on a pocket watch  
Time is ticking

I leave it all in ruins  
Cause I don't know what I'm doing  
I'm hard on things that matter  
Hold a heart so tight it shatters  
So I stay away from things that break

Can't make a man a promise with the best of intentions  
Or drive 200 miles on a rundown engine  
Put a blanket underneath a hollow tree  
When the wind blows hard it will fall on me  
Stick around long enough and you will see  
Time is ticking

I leave it all in ruins  
Cause I don't know what I'm doing  
I'm hard on things that matter  
Hold a heart so tight it shatters  
So I stay away from things that break

Me I don't ever wanna get to close  
Or be held responsible  
For all the pain that you receive  
Somebody once broke me

I leave it all in ruins  
Cause I don't know what I'm doing  
I'm hard on things that matter  
Hold a heart so tight it shatters  
So I stay away from things that break
