

## Well-Rested

Miranda Lambert

well this moment is heavy  
for me im not ready  
like a caged bird barely set free

forgive me im finding my wings

while my body is present  
my heart is absent  
in my mind is racing  
my feet are pacing

its your tail you're chasing  
its your past im erasing  
and a heart can't be tested  
when it ain't well rested

my gears are grinding  
im leaving, you're arriving  
its a matter of timing  
i guess loving ain't surviving

its your tail you're chasing  
its your past im erasing  
and a heart can't be tested  
when it ain't well rested

its your tail that you're chasing  
its your past im erasing  
and a heart can't be tested  
when it ain't well rested  
don't waste your investment  
if a heart aint well rested  
my heart ain't well rested
