

# You And I

Mireille Mathieu

You and I  
Our love is here to stay  
We never tell a lie love  
We mean the things we say  
We could go dancing on a star  
The way we feel, that isn't far  
Cause we're together, together  
PAUL:  
You and I  
Two dreamers on parade  
We've come to realize love  
Our song is being played  
MIREILLE:  
The way we feel from day to day  
PAUL:  
The warm and gentle things you say  
DUO:  
When we're together, together  
Look at us, the two of us  
MIREILLE:  
They said it wouldn't last  
DUO:  
Anyone who knew of us  
MIREILLE:  
I think they spoke too fast  
Look at us, we're sharing  
The love that we're both wearing  
Happy to be caring for two  
PAUL:  
It's never ending  
You and I  
With nowhere else to go  
We never say goodbye love  
MIREILLE:  
We only say hello  
PAUL:  
And when our life on earth is through  
MIREILLE:  
We'll meet in heaven me and you  
DUO:  
We'll be together, forever  
Look at us, the two of us  
MIREILLE:  
They said it wouldn't last  
DUO:  
Anyone who knew of us  
MIREILLE:  
I think they spoke too fast  
Look at us, we're sharing  
The love that we're both wearing  
Happy to be caring for two  
PAUL:  
And when our life on earth is through  
MIREILLE:  
We'll meet in heaven me and you  
DUO:  
We'll be together, forever

PAUL:

We could go dancing on a star

MIREILLE:

The way we feel, that isn't far

DUO:

Cause we're together, together
