

Hey hey runaway

Miro Žbirka

1. Once I had to go she was as beautiful as hell
And she took me to the place where she lived
She said she like my face used some always stupid phrase
Than she threaded me very kind so I was pleased
2. She cooked me egg and chips gave me wine and used some tricks
And than suddenly she said "It's time for bed"
She turned the lights down low and she started with a show
Oh, I remember suddenly what I felt was what I have

R: Hey, hey, runaway
I noticed what she's said
Hey, hey, runaway
She jumped down on the bed
Hey, hey, runaway
I thought became to stay
Hey, hey, run and run away

3. I managed to get out, and I tired to being around
'cos I realized that I was in the danger
I'm lucky to be here and there's one bed, that is clear
That this one day I always will remember

R: Hey, hey, runaway...
