

I'm Gonna Make You My Wife

Miro Žbirka

Baby, I got you on my mind
It means a lot, that you're my kind
I'm gonna bring you to my life
I'm gonna make you my wife

So let me say the future's bright
We're on the way love at first sight
I'm gonna do what I see in your eyes
Oh, baby, what a surprise!

Oh, love, I'm gonna make you
Oh, love, I'm gonna make you
Oh, love, I'm gonna make you my wife

I make my food when you drive a car
I'll do the singing and you'll be the star
Buying some dough and do what I'm told
I'm gonna make you my wife

Oh, love, I'm gonna make you
Oh, love, I'm gonna make you
Oh, love, I'm gonna make you my wife

Baby, I got you on my mind
It means a lot, that you're my kind
I'm gonna bring you to my life
I'm gonna make you my wife

So let me say the future's bright
We're on the way love at first sight
I'm gonna do what I see in your eyes
Oh, baby, what a surprise!

Oh, love, I'm gonna make you
Oh, love, I'm gonna make you
Oh, love, I'm gonna make you my wife
