I wonder

Miro Žbirka

I woke up to the morning light empty bed you're not inside since you've gone baby nothing's right I wonder where you mare tonight

seven days a week were fine suddenly the sun won't shine breakfast and the tea for two reminds me all the times with you

looking back very nice
whole wide world in your eyes
it feels so cold on lonely road
since you've gone baby
nothing's right
I wonder whereyou are tonight
oh I wonder where you be tonight

uuuuuuuuuuuuuuuuuuuu I wonder where you`ve been tonight
