

## Till I'm Around

Miro Žbirka

I wonder how long it takes till I'm come to love you  
I wonder how long it takes till I'll be around  
I wonder how long it takes, wonder how long it takes  
Wonder how long it takes till I'll be around

I wonder how long it takes till I'm gonna squeeze you  
I wonder how long it takes till I'll be around  
Wonder how long it takes, wonder how long it takes  
Wonder how long it takes till I'll come to you

Well, I just came to say goodbye to you  
And I don't know when this trip will be true  
I write you a letter from a thousand miles away  
And you will understand the words that I say  
'cos I know I am a man on the turning point  
Well, I know I'm a man singing song

I wonder how long it takes till I'm come to love you...

Every night I will call out your name  
And every day it will be the same  
And I hope that somehow you know  
I'll make and take it there reading to gown  
'cos I know I am a man on the turning point  
Well, I know I'm a man singing song

Wonder how long it takes, wonder how long it takes  
Wonder how long it takes till I'll come to you

I wonder how long it takes till I'm come to love you...
