

Watch You Sleep

Miro Žbirka

I'll just watch you sleep
Right here at your side
Is it me you're dreamin' of
My kisses on your mouth
While you toss and sigh

I'll just watch you sleep
Count your thirteen lies
You did me wrong my love
Destroyed all I once was
I just don't know why

Every night is long
N'all my days are night
You část me down (like)
A grifter rollin' dice

Never find your tongue
Tied up in a knot
I feel so low
Bein' so badly robbed

Never siren's song
Nor a witch's rite
You and your vows
A grifter rollin' dice

Every night is long
N'all my days are night
Gotta show you how
Don't turn over

I'll just watch you sleep
Right here at your side
I'll just watch you sleep
Count your thirteen lies
Can't even eat my love
See what I'm thinking of
One of us best die
