Remember the time when we used to play, yeah yeah
Knock down ginger and we braid hair
Drunk slush puppies every day and
Now you're not around

A trip to the sweet shop, oh, was a treat
When your mama gave us 50p
What happened to those good old days
You ain't here with me

So how you been? I know I haven't seen you
I heard you were working, not as much as you do
Just keep trying, maybe I'll come and see you
You know I'm gonna be here

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side

Remember the time when we took the train, yeah yeah
Got home late, my mum had gray hairs
Sleepovers on Saturdays, yeah
Girl, I miss those days

Remember when Bobby Brown was the craze
We used to sing along like everyday
What happened to the pact we made
To never separate

What you doin' at 8? Coming round to see you
Don't be late, there's so much that we should do
Just like old days, got everything to tell you
Good friends don't come easy

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side

Wherever we've been along the road
You've always been a friend to me, I know

I'll stick with you till the end through thick and thin
You'll always be my best friend

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side

I know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side
