

Strawberrez

Mis-Teeq

Felt like sunshine, when we showered in the dark
Taste like candy raindrops hailing on me caught in the storm of
love
Precious moments I have captured like a picture caught in the f
rame of my mind
Plus I feel you breathing on me I'm not lonely 'cause I have al
l of these

Strawberrez and sweet bruises of love
They remind me of the night before
Never felt so good or been so sore
I find myself running back for more 'cause

All I do is think of how I'm hooked on your love
When you showed me what you can do last night was beautiful
Everybody thinks I'm crazy 'cause I'm always, always laughing o
ut loud
If they knew what I was thinking they would tell me "girl follo
w your heart"
And let him know that all I need is more of your sweet, sweet,
sweet, sweet love

For your love oh
'Cause it's like...

Strawberrez and sweet bruises of love
They remind me of the night before
Two hearts that throb from a love so pure
I find myself in your allure
