

No Excuse For Weakness

Misery Inc.

Affected hypocrite, boring fuck. Save your pity for someone like yourself.

Search, find, finally lose, two-faced brat. Leave my thought alone.

Kneel, swear, finally bow. God is for suckers. Leave my needs alone.

No excuse for weakness. Blinded by the fiction placebo gave me.
No excuse for weakness. Blinded by the fiction filthy life gave me.

Fear within a man, growing strong, wearing disguise.
Like all we losers do. Like all we losers do.

Search, find, finally lose, two-faced brat. Leave my thought alone.

Kneel, swear, finally bow. God is for suckers. Leave my needs alone.
