

## Forbidden Zone

Misfits

Some say that's where man began  
On this wasted piece of land  
Where evolution's yet to show  
Forbidden Zone

Blasting into outer space  
The planet of the apes  
Evolutions's one hero

Crossing a plain into another dimension  
A million years into the future  
Crossing a path into another dimension  
We the unseen

Back on earth it's all you'll read about  
All the evidence destroyed  
Maps and legends mark the firewalls  
We the lost abandoned saviors  
of the forbidden zone

We shall sustain the forbidden zone
