

Hellhound

Misfits

Got a hellhound dog
That hellhound's gonna rip your face off
Got a hellhound dog
That hellhound's gonna tear right through

Got a hellhound born
A hellhound born to the pack
Got a hellhound dog

And I know that I might be dead
Those who seek it out
Those who stand a few

Hell, hell of Satan's pack
We are born of hate
Both feet into hell

Take another step
Towards the bleeding light
Those who seek it out
Those who stand a few

We are a part of it
Got a hellhound dog
That hellhound's gonna rip your face off
Got a hellhound dog
That hellhound's gonna tear right through

Got a hellhound born
A hellhound born to the pack
Got a hellhound dog
That hellhound's gonna rip your face off

Got a hellhound dog
That hellhound's gonna rip your face off
Got a hellhound dog
Got a hellhound born
