## **Speak of the Devil**

Traded in my bible for a little black cat The time of Armageddon's here Some call me the son of the morning God knows I'm the angel of light

I drink my water from a wolf's footprint My soul's redemptive work of Christ God knows I'm the angel of light

Speak of the Devil Speak of the Devil Devil

Believers be on guard Be strong and take a stand The time of Armageddon's here Some call me the son of the morning

Speak of the Devil Devil, devil
