

Them

Misfits

Man's atomic age is here
Horrifying hordes appear
Exoskeleton armored, exoskeleton might
Exoskeleton horror, exoskeleton bite

Beware of them!
Beware of them!

Something wicked this way comes
Creepy crawling giant bugs
Exoskeleton armored, exoskeleton might
Exoskeleton horror, exoskeleton bite

Beware of them!
Beware of them!

In the desert sands where they test the bombs came these man-made monsters
They'll try to breed, they'll fly by night
We must destroy these nests of mutant ants, these man-made monsters
Their bodies burn a gruesome sight

Beware of them!
Beware of them!

Evil is as humans do
Bible prophecy comes true

In the desert sands where they test the bombs came these man-made monsters
They'll try to breed, they'll fly by night
We must destroy these nests of mutant ants, these man-made monsters
Their bodies burn a gruesome sight
Their bodies burn a gruesome sight

Beware of them!
Beware of them!
Beware of them!
Beware of them!
