

# Stonewalling

Misha

On the street there's a house on fire  
Children ran right out to see what's going on  
A little girl can see her things in flames  
Her mother's standing there  
and watching their home disappear

Ten minutes later there are cars and cameras  
The TV teams are quick enough  
To catch the tears  
That day I'll sit around a favorite place  
The TV's on, the house on fire wakes my fears

Stonewalling, stonewalling, you're stonewalling  
Stonewalling, you're stonewalling, stonewalling  
Don't make me feel I'm down falling  
Stonewalling, stonewalling, you're stonewalling  
Stonewalling, I'm stonewalling, stonewalling  
Don't make me feel I'm down falling

They just accentuate the negative  
Why can't they see  
The glass in half full not empty  
Turning over ashes, happy news is no excuse  
It's just a light to cheer you up  
When the stock price crashes

Every minute someone falls in love  
Every day we're calling on grace and you tell me  
That I'm falling on my face  
But on the ground in the sand  
I can see a chance

Stonewalling, stonewalling, you're stonewalling  
Stonewalling, you're stonewalling, stonewalling  
Don't make me feel I'm down falling  
Stonewalling, stonewalling, you're stonewalling  
Stonewalling, I'm stonewalling, stonewalling  
Don't make me feel I'm down falling

Oooh, why they do what they do  
My world's upside down  
No matter how I try, and I try  
I can't touch the ground  
Oooh, why they do what they do  
My world's upside down  
No matter how I try, and I try  
I can't touch the ground

Stonewalling, stonewalling, you're stonewalling  
Stonewalling, you're stonewalling, stonewalling  
Don't make me feel I'm down falling  
Stonewalling, stonewalling, you're stonewalling  
Stonewalling, I'm stonewalling, stonewalling  
Don't make me feel I'm down falling
