

Sometimes The Ones

Mishka

I throw my line into the sea
So many things that you want I and I to be
I saw some seeds in the soil
Cause I don't wanna see life spoil

I give it love an devotion (2x)

Everyone need to be free
Got to make freedom by totality
Remember your roots, oh, where you're goin'
Remember your roots, uh, the places you've been
And all the times we've been together
And all the times we've been as one

Its love and devotion (2x)

I make my way, I cross the land
I always sail across the ocean, yeah
Just to land into your hands, oh
To sing a song of love, eh

Love and devotion (3x)

Won't you live it up
Love and, love and, love and, lalala

All the times we've been together
And all the times we've been as one

Its love and devotion
