

Still Got Love

Mishka

You left me there on the cold, cold street
And I still got love for you babe
Told me stories that were incomplete
And I've still got love for you babe

I take a walk on my own two feet
That's the best thing I can do, yeah
'Cause when we're cool, it always brings the heat
And you know there's nothing new babe

When we're falling, gonna fall like rain
In the fire, gonna touch the flame
When we're standing, got to withstand pain
When we're leaving, got to catch this train

You gave me sorrow and regret
And I still got love for you babe
You tried to catch me with your net
And somehow I slipped through, yeah

To watch the golden sunrise, sunset
But all day long it's blue babe
Don't speak of truth and then forget
'Cause you just won't have a clue, babe

When we're falling, gonna fall like rain
In the fire, gonna touch the flame
When we're standing, got to withstand pain
When we're leaving, got to catch this train

You are the one, who set my soul on fire
You are the one, left me out in the cold
Oh, and now the world is falling and you start to cry
Yeah, now your world is falling and your well is dry

When we're, when we're falling, gonna fall like rain
In the fire, gonna touch the flame
When we're standing, got to withstand pain
When we're leaving, got to catch this train

Catch this train
Catch this train
