

Dorm Room Music

Mishon

I woke up this morning
Finals all week so I ain't got time for nothing
If you wanna spend some time with me
I ain't on that because I ain't got time for cuffing
My rents pass due, rolling on E
Tryna make a little something out of nothing
But it's all good, it's alright
Gonna take it how it come cuz

This how we do
Me and my crew
We party to this dorm room music
Let us show you
Me and my crew
How we party to this dorm room music
Yeah Yeah Yeah
We gonna party til the sun come up
We gonna party til the sun come up
We party too
We gonna party til the sun come up
We gonna party til the sun come up
We party too

Now at our age trippin
You say I cant bang my music
I turn it up louder, forget em
I post it with the homies
There's girls looking for me everywhere
I'm like, What up baby?
There's a hundred girls out in the hallway
And they all keep screaming out money
And somebody wanna go and call security
So come through, when they start partying too

This how we do
Me and my crew
We party to this dorm room music
Let us show you
Me and my crew
How we party to this dorm room music
Yeah Yeah Yeah
We gonna party til the sun come up
We gonna party til the sun come up
We party too
We gonna party til the sun come up
We gonna party til the sun come up
We party too

Yeah it's going down in this dorm room
We each gon do what we want to
The party don't stop, no curfew, no curfew
So baby go and show me what you do
And baby Ima show you how I do
And we can get loud as we want to
This dorm room, this dorm room

This how we do

Me and my crew
We party to this dorm room music
Let us show you
Me and my crew
How we party to this dorm room music
Yeah Yeah Yeah
We gonna party til the sun come up
We gonna party til the sun come up
We party too
We gonna party til the sun come up
We gonna party til the sun come up
We party too
