

Just A Kiss

Mishon

We ain't gotta go all the way
But, baby, we can do somethings
A little game I like to play
Listen, shawty

We ain't gotta go all the way
But, baby, we can do somethings
A little game I like to play

Girl, you don't need to be nervous
I know I just met you, these other girls lookin'
But I never disrespect you, babe
This's gonna be okay, yeah

You was pretty as a picture
I want you in my room
You whisper in my ear
I don't wanna move too soon, okay
This's gonna be okay, yeah

Ooh, your body's soft
Now take that jacket off
I think we gon' be good friends, yeah

Shawty, no need to be scared
If you don't wanna go there
No days before we begin
We ain't gotta go

We ain't gotta go all the way
But, baby, we can do somethings
A little game I like to play

Just a kiss, just a kiss, just a kiss
Ooh, girl
Just a kiss, just a kiss
Can we play, can we play?

And we're flirtin' and jokin'
And I can see that you're open
Everything I'm doing
I can tell that you love it, babe
You like the way we play

So we touchin' and teasin'
Now you got me feelin'
We both know we want
The next step for pleasin', babe
But we can wait another day

Ooh, your body's soft
Now take that jacket off
I think we gon' be good friends

Shawty, no need to be scared
If you don't wanna go there
No days before we begin

We ain't gotta go all the way
But, baby, we can do some things
A little game I like to play

Just a kiss, just a kiss, just a kiss
Ooh, girl
Just a kiss, just a kiss
Can we play, can we play?

We ain't gotta go all the way, no
'Cause it's called

Just a kiss, just a kiss, just a kiss
Ooh, girl
Just a kiss, just a kiss

We ain't gotta go all the way
But, baby, we can do somethings
A little game I like to play

Just a kiss, just a kiss, just a kiss
Ooh, girl
Just a kiss, just a kiss
Can we play, can we play?

Just a kiss, just a kiss, just a kiss
Ooh, girl
Just a kiss, just a kiss
Can we play, can we play?

Just a kiss, just a kiss
