

# Love'll Find A Way

Mishon

Destiny is a funny thing  
We hear people say  
"Things are meant to be"  
But not every day  
You find a chemistry  
That's as special as the one  
Between you and me

Because mountains and valleys may come between us  
But time nor space will ever defile us  
And you will see that nothing at all is impossible  
Cause love'll find a way

The key is  
(Love'll find a way)  
Just believe in  
(Love'll find a way)  
It's not a matter of "if"  
But a matter of "when"  
Just have faith in today  
(Love'll find a way)

Memories have a funny way  
To keeping you living for yesterday  
Cause when you were gone  
You were my escape  
When I closed my eyes  
I could see your face

Because mountains and valleys may come between  
But time nor space will ever defile us  
And you will see that nothing at all is impossible  
Cause love'll find a way

The key is  
(Love'll find a way)  
Just believe in  
(Love'll find a way)  
It's not a matter of "if"  
But a matter of "when"  
Just have faith in today  
(Love'll find a way)

Close your eyes  
And let love be your guide  
As long as your hearts in sync with mine  
It's just a matter of time before  
Love'll find a way

The key is  
(Love'll find a way)  
Just believe in  
(Love'll find a way)  
It's not a matter of "if"  
But a matter of "when"  
Just have faith in today  
(Love'll find a way)

The key is  
(Love'll find a way)  
Just believe in  
(Love'll find a way)  
It's not a matter of "if"  
But a matter of "when"  
Just have faith in today  
(Love'll find a way)

(Love'll find a way) (4x)

The key is  
(Love'll find a way)  
Just believe in  
(Love'll find a way)  
It's not a matter of "if"  
But a matter of "when"  
Just have faith in today  
(Love'll find a way)
