Mishon

What's up pretty lady?
May I talk to you for a second?
Just a second
Boy how are you, it's about 16?
I'm a grown man
Yeah, right. Boy, I'm up to be your mama.
I can be your daddy to you
What you say?
Look!

It's one for my older girl
Who I can be classy with
Have a couple glasses with
Somebody I could show the world
But I'll always be down for me and when I'm in town
She know always slow down for me.
I'm talking 'bout a golden girl.
But she ain't gotta be too old just to have enough soul
I guess I'm wise beyond my time, yeah

Hello, hello I miss the older girl for love her
Not talking H but she only growing one
She'll be sexy than the mob, look her brother up
