

Rock My Chain

Mishon

Do I detect a hint of insecurity.
Seems like your wondering
Just how real things are with me.
So let me answer and put your mind at ease.
As real as the air, I breathe.

Since you gave me your number.
Made up my mind that same day.
So you ain't got to wonder
If I'm feelin the same way.
Nothing I'm saying is untrue
So baby here's what I'm gon' do.
Give you one of my prize possessions
Just to show you I'ma let you rock my chain.
I'ma show you where ma' heart at cause baby you are all that. I
'ma let you rock ma' chain
This is serious baby I ain't' playing no games
rock ma' chain
I'm a put this on your neck so you know I care.
Let'em no that's all me right there.
Until your old enough to rock my name.
I'm a let you rock my chain,
My chain, my chain, my chain
I'm a let you rock my chain,
My chain, my chain, my chain, my chain.

See you been down for a while so I think that it's 'bout time,
