This one I had to do just for the youth

Even we need somethin to rock to

So you know Mishon had to come through

And break this one off just for you

My homies up North and the East to the West, down South

Then I'll show you what we talkin bout

My shorties in here represent

And it goes a little somethin like this ya'll

I'ma youngster, Air Force Ones
Sidekick phone, Now it's on
Don't be a hater cuz we got it goin on
Playin PS2, All night long
I stay ahead of the class
Shorties just won't let me go past
I'm way to fly
And I'm havin the time of my life
Everybody put your hands to the sky if you feelin it

I'ma youngster and I'm up on game
Don't try to play me because of my age
I'ma youngster still holdin it down
Back to back my town to yo town
I'ma youngster and you better recognize
Cuz fa sho we on the rise
I'ma youngster and I'm chasin my dreams
Until they make me because reality

Yeah, yeah, yeah, yeah
