

Dub About Me

Miss Kittin

I don't know what you want
I don't know what you need
Heaven and love
Know the answer
And baby what about me
And baby what about me

I don't know what you want
I don't know what you need
Heaven and love
Know the answer
And baby what about me
And baby what about me

I don't know what you want
I don't know what you need
Heaven and love
Know the answer
And baby what about me
And baby what about me

But babe, do u really want
do u really want to see me cry
do u really want to see me cry
