

# A Song About Me And A Boy

Miss Li

Once  
There was this boy in my bed  
He said  
He liked the curls in my hair

He  
Wanted me on top of him  
And we  
Did all kind of dirty things

And though  
I'm just a sweet young girl  
You made me  
Feel like a full blooded woman

And you  
Played the gitarr and said  
"oh sugar  
Want you sing a song for me?"

But I, see  
I didn't dare cause with you  
I  
Tremble like a leaf near you

And you  
You kissed my lips and said  
"okey  
Maybe another day"

You see, I'll never forget  
Us drinking whisky 'til the morning  
We were, we were  
Talking bout love  
We were talking about drugs and rock'n'roll

And I  
I liked the way you pressed the button  
I, oh  
I like your lips

You  
Oh you, you can drive me mad like a cat  
You  
You look so hot in your hat

But if I would have known  
That it was the last time we met  
If I would have known  
That it was the last time for me to get wet

I  
Would have touched your long dark hair  
And I  
Would have kissed your lips

I

I would have tied you to the bed  
Just to have you  
Just for my self

But you see I, I ruined it all  
As I called you one night a while ago  
I was to drunk to talk  
I was trying to explain my love

But I  
I guess you didn't feel the same way  
And I  
I guess that I scared you away

And I  
I guess we'll never speak again

And I am on my own again
