

All I Need Is You

Miss Li

No, I don't need no drugs to make me high, no
I don't need no pills to make me calm, and
I don't need no beer to make me wild, no
I don't need no booze to make me warm

No baby,
There is only one thing
Yeah honey,
All I need is you

And I don't need no porn to turn me on, no
I don't need no other when you're gone
I don't need no one to say I'm cute, no
I don't need it to write this silly song

No baby,
There is only one thing
Yeah honey,
All I need is you
Yeah baby,
There is only one thing
Yes honey,
All I need is you

And I don't need no DVDs or TV
I don't need no luxury or fame
I don't need no dirty bloody money, and
I don't need no sugar in my veins

No, all...
All I need is you...
All I need is you,
I need you

And I don't need no water colour palette
I don't need it to colour up my life
I don't need no unnecessary things, no
I don't need it to be a faithful wife, no

There is only one thing
Yeah honey,
All I need is you
Yeah baby,
There is only one thing
Yeah honey,
All I need is you
