

# Dancing The Whole Way Home

Miss Li

I met a boy,  
I met a boy last night  
when me and the girls were out  
It was Peace and Love, a festival down town  
in my home town and  
it was music and it was people everywhere  
when I saw him standing there  
He was the cutest,  
he was the cutest thing i had ever seen

I, I fell in love,  
I fell in love last night  
and I was dancing the whole way home  
I fell in love,  
I fell in love last night  
and I was dancing the whole way home

You sat down by the table and you said; Hello  
I said Hello, hello  
I was blushing by your presses 'cuse you where so,  
so damn beautiful  
and you had long dark hair like in the 70th  
and I said; oh boy I dig your style  
and I got his number on a tiny little paper  
and he said; Please call, please be a part of my life

I fell in love,  
I fell in love last night  
and I was dancing the whole way home

I fell in love,  
I fell in love last night  
and I was dancing the whole way home, home

I fell in love,  
I fell in love last night  
and I was dancing the whole way home (4x)
