

Don't Try To Fool Me

Miss Li

I'm not a stupid girl
Don't call me stupid
I'm just a hungry girl
And you taste so sweet
And you taste so sweet

I'm not a weak girl
Don't call me weak, no
I'm just a fragile girl
And you are so strong
Yeah you are so strong

Don't try to fool me, no
Don't try to fool me once again
Don't try to fool me, no
Don't try to fool me in the rain

You see I made it boy
Oh you see I made it
And I did it boy
All on my own
Yes all on my own

So don't judge me, no
No don't judge me
And don't blame me boy
For being filled with joy
And I am filled with joy

Don't try to fool me, no
Don't try to fool me once again
Don't try to fool me, no
Don't try to fool me in the rain

Don't try to fool me, no
Don't try to fool me once again
Don't try to fool me, no
Don't try to fool me in the rain

Oh, don't try to fool me, no
Don't try to fool me once again
Don't try to fool me, no
Don't try to fool me in the rain
