

Give It To Me

Miss Li

Know, all I want is you,
Yes, what I want is you.
I know, this kind of love is wrong,
But babe, it still turns me on.

It's just that I...
I just need your love...
Your love baby...
Give it o me...
Give it all.

And I need your touch...
Need your touch baby...
Give it o me...
Give it all.

Know, all I need is you,
Yes, what I need is you.
I know, this kind of love ain't right, no,
But babe, there's no need to fight.

It's just that I...
I just need your love...
Your love baby...
Give it o me...
Give it all.

And I need your touch...
Need your touch baby...
Give it o me...
Give it all.

Mhm...
Oh, oh, ooo...

It's just that ooo...
I just need your love...
Really need your love, yay...

It's just that I...
I just need your love...
Your love baby...
Give it o me...
Give it all.

And I need your touch...
Need your touch baby...
Give it o me...
Give it all.
