

Hardloved Man

Miss Li

I was waiting for you
Like two hours (or something like that)
But I got tired of standing there
Looking like a fool

Our relationship
Is so pathetic
But you don't seem to get it
So lets quit this shit

You're a hardloved man
And I'm an easy woman
You're a hardloved man
And I'm just a simple girl

As I stood there waiting
I realized I don't want it like this
And I decided to leave you
And all the hardloved things you do

Baby since that very day
You haven't crossed my mind
Like a thousand times per day
Only like ninehundred and ninetynine

You're a hardloved man
And I'm an easy woman
You're a hardloved man
And I'm just a simple girl

You're a fine looking man
And I'm just an ugly one yeah
You're a lovely man
I can't take this any longer
