

Oh boy

Miss Li

Oh boy
You make me feel like
Oh boy
You make me feel like
No boy
Can make me feel like you
I really really want you

Oh boy
You make me feel so
Oh boy
You really turned me
On boy
And I don't know what to do
I really really want to

Be with you
Like I was before
This distance
Between us makes me want you more

And I do mean
You are the cutest boy I've ever seen
And you've got that something
Something that I want
Something that I need
A dirty little young girls dream

I said that
Oh boy
You make me feel like
Oh boy
You make me feel like
No boy
Can make me feel like you
I really really want you

Oh boy
You make me feel so
Oh boy
You really turned me
On boy
And I don't know what to do
I really really wanna

Make me swirl
Like a tiny little pearl
I will patiently wait
'Til you're done
With this other girl

And I don't care
About your so damn good excuses
'Cause they've turned me on
They turned me strong,
Turned me on,
You know just how to light my fuses

I said
Oh boy
You make me feel like
Oh boy
You make me feel like
No boy
Can make me feel like you
I really really want you

Oh boy
You make me feel so
Oh boy
You maybe turned me
On boy
And I don't know what to do
I really really want you

You!
Na na na na
Yeah yeah yeah yeah
You really really turned me on
Woah woah woah la la la la la
Yeah yeah yeah

I said
Oh boy
You make me feel so
Oh boy
You really turned me
On boy
And I don't know what to do

I said
Oh boy
You make me feel so
Oh boy
You really turned me
On boy
And I don't know what to do

I really really want you
Oh boy
You make me feel like
Oh boy
You make me feel like
No boy
Can make me feel like you
I really really want you

Oh boy
You make me feel so
Oh boy
You really turned me
On boy
And I don't know what to do

I really really want you
Yeah!
Really really really want you
Really really want you
Yeah-yea-yea-yeah
Really really want you

La la la la la la la la, la la la
bo bo bo boo
La la, la la la la la la boo oho ho la la la oh
Woah!
Really really want you!
